LOUVOLITE ONE TOUCH[®] MOTORISATION
FOR ALL YOUR WINDOW BLIND OPTIONS

roller | vision[®] | visage[®] | vertical | allusion[®]
perfect fit[®] | roman | pleated | cellular

Louvolite One Touch[®] makes luxury affordable with motorisation accessible to all. This innovative range of battery and mains powered blinds operates single or multiple blinds with either remote control, voice activation with Amazon Alexa and Google Home or App control on mobile phone or tablet.

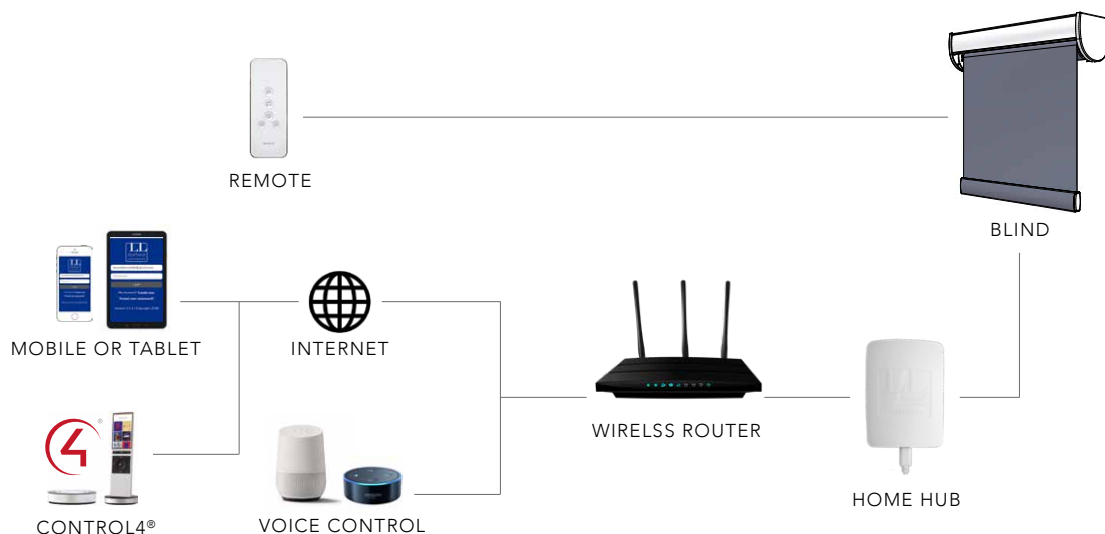

Our fantastic timer remote or app allows users to schedule their blinds operation for added convenience and enhanced home security when they're away from home.

The rechargeable battery powered solutions remove the need for mains wiring, making these motorised blinds easy to install without disruption to the interior decor.

Louvolite One Touch[®] is a popular choice for the multiple windows in conservatories, shading large bi-fold doors or just for those that want easy blind operation on the go or from the comfort of the sofa.

KEY BENEFITS OF LOUVOLITE

One Touch motorisation

- Innovative yet affordable contemporary technology for the modern home and office.
- Operate at home or away with the downloadable app.
- Improved home security using the timer remote or app to schedule the blinds when you are out or away on holiday.
- Use schedules to save energy.
- Voice activation with Amazon Echo and Google Home.
- Control multiple blinds individually or all together.
- Child safe by design.
- Mains powered systems are also available for larger blinds.

CONTROL BLINDS FROM anywhere in the world

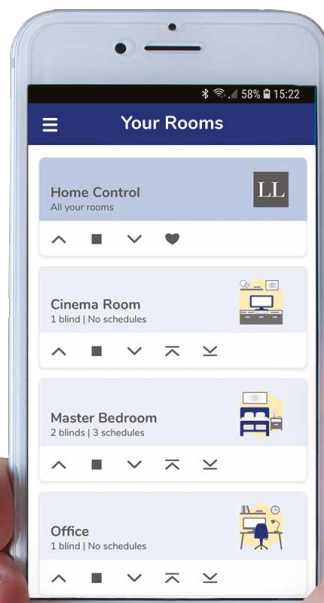

One Touch motorised blinds can be operated a number of ways for the utmost in convenience. They can be raised and lowered directly with a remote control, by mobile phone or tablet from anywhere in the world using our downloadable app or using voice control through Google Home or Amazon Alexa devices.

Using the free to download app provides additional options such as multi room control and the ability to set timers and daily schedules – ideal for extra home security, enhanced privacy and improved energy saving.

Mobile, tablet and voice activation are all achieved by connecting smart devices to home broadband via WiFi using our Home Hub.

The Louvolite Home Hub connects via WiFi and operates the One Touch® Lithium 1200/1800 Series and mains operated 1500/6000 Series, Perfect Fit blinds and Vertical motors.

- Use voice control to open or close the blinds with Amazon Alexa devices and Google Home.
- Improves home security with the ability to open or close the blinds when either in or out of the home. Ideal for improved security when on holiday.
- Free, easy to use app available for IOS and Android.
- By scheduling to close your blinds you can keep the heat in and save more energy.
- Use smart phones or tablets to view the rooms in the home and control the blinds within them.
- Control up to 15 blinds per room, individually or all together.
- Compatible with Control4® home automation systems, driver available for installation. For more information email our Technical Support Team, tech.support@louvolute.com.
